EARTHQUAKE 3.5 1/8 SCALE

The 1/8 scale Earthquake 3.5 delivers BIG BLOCK power at a little block price. Part of the Redcat UltraLite Series, the Earthquake 3.5 is ready to run and ready for fun.

The 3.5cc .21 big block engine provides earth shaking power and lightning fast acceleration! A specially designed composite disc brake stops this monster with authority.

The Earthquake 3.5 4x4 monster truck is the bashers dream with 2 sealed differentials, adjustable suspension, oil filled adjustable shocks, powerful engine, and 2 speed automatic transmission.

Thanks to the 2 speed automatic transmission, the Earthquake 3.5 has low end power for wheelie popping fun and second gear offers a whole new level of excitement at blistering high speeds.
