

EVEREST-10 1/10 SCALE CRAWLER

Get ready for the rock crunching, boulder stomping, stone slamming Everest-10, 1/10th scale rock crawler! Challenge the laws of gravity with the ready-to-run Everest-10 rock crawler.

Complete with front & rear multi-link suspension, front and rear transmission, 2.4Ghz Radio Control, Battery & Charger.

Aggressive bead-lock rock crawling tires, four aluminum capped oil filled shocks, complete ball bearings throughout, and a two channel 2.4GHz Radio all make this 4X4 super crawler more than ready to navigate the most extreme terrain!

Weighted bead-lock rims ensure the tires remain firmly mounted while navigating the most difficult obstacle courses. Quickly changing tread patterns is a breeze with Redcat's bead-lock rims.

Aggressive bead-lock rock crawling tires, four aluminum capped oil filled shocks, complete ball bearings throughout, and a three channel 2.4GHz Radio all make this 4X4X4 super crawler more than ready to navigate the most extreme terrain!

SPECIFICATIONS

ITEM	DETAILS
